RESPONSE OF WALTER TRUMP AND DOROTHY TRUMP TO INFORMATION  
REQUESTED BY U.S. ENVIRONMENTAL PROTECTION AGENCY CERCLA 104 (e)

  2. Walter Trump - President of 2 non-operating corporations,  
Malibu Shores, Inc. and Fort of the Osage, Inc. both at Lake of

  4. The site was owned by Vertice R. Kruse and wife Catherine  
and Lillian Trump owned site as tenants in common until Kruse  
died. Kruse and Trump operated a quarry and landfill at  
site. On June 30, 1971 Lillian Trump sold all her stock in the  
quarry operation and landfill companies to the companies in  
redemption - perhaps the stock was redeemed by the corporations.  
After that date Lillian Trump had nothing to do with the  
operation of the quarry nor landfill. The site was leased to the  
corporations, Westlake Quarry, Inc. and Westlake Landfill, Inc.  
on a royalty basis, copy of the lease is attached. Sometime  
after Lillian Trump sold her interests in the operating  
corporation, date unknown, some company, believed to be Cotter,  
surreptitiously caused, what is reported to be some kind of  
nuclear waste, (which the U.S. Government manufactured) to be  
deposited to the site. Lillian Trump had no knowledge of this  
nor did undersigned Respondents. Respondents Walter Trump and  
Dorothy Trump are children of Lillian Trump, Lillian Trump died  
January 5, 1988. Her interest in the site, a 1/2 undivided  
interest, was inherited a fractional interest, i.e. 66.6% to 2  
trust and 33.3% to Walter Trump and Dorothy Trump. The estate  
was administered in the Probate Court of St. Louis County and all  
relevant documents are available to interested parties. These  
are public records. Respondents do not know when Lillian Trump  
acquired nor do they have deeds to site to her. Presumably the  
recorder of deeds records would reflect.
- Walter Trump and Dorothy Trump and the trusts sold their 1/2  
interest pursuant to contract, copy of which is attached.
